

**America's Transportation Infrastructure Act of 2019
(Highway Title as Introduced in Committee)**

National Highway Performance Program

- Adds: “providing support for measures to increase the resiliency of Federal-aid highways and bridges on and off the National Highway System to mitigate the impacts of sea level rise, extreme weather events, flooding, or other natural disasters.” As a purpose of the program.
- Allows States to use up to 15 percent of its NHPP funds for protective features to improve resiliency on a Federal-aid highway or bridge off the National Highway System.

[Changes to Section 119 of Title 23](#)
